Our hostels are truly your home while you are traveling in Iceland. They vary from a fun-filled event hostel in the city to a renovated turf-roofed farmhouse on a green hill; each hostel is unique and has its own charm! The common areas are the heart of every hostel where people meet, exchange travel experiences, slow down and enjoy!

HI Iceland is a non-profit membership organisation with a mission to support sustainable and responsible tourism, as well as cultural diversity.

Sustainability is intertwined with our culture of hostelling. We kindly ask our guests to take part in sustainable practices at our hostels and respect the land when travelling in Iceland's fragile nature; leave everything as you found it.

- 35 hostels, located in Reykjavik and around Iceland
- Private rooms and dorm beds in shared rooms
- Rooms with private bathrooms at several hostels
- A fully equipped guest kitchen in all hostels
- Free Wi-Fi in common areas at all hostels
